BCACACS 202

II Semester B.C.A. Degree Examination, June/July 2025
(SEP) (2024-2025 Batch Onwards)
OBJECT ORIENTED PROGRAMMING USING JAVA

Time : 3 Hours

Max. Marks : 80

Note : Answer **any ten** questions from Part– **A** and **one full** question from **each** Unit in Part – **B**.

PART – A

(10×2=20)

1. a) What is Polymorphism ? Give example.
- b) What is java Byte code ?
- c) Differentiate byte and character streams.
- d) What is the purpose of break and continue statement ? Give example.
- e) What is vector ? How it is different from array ?
- f) What is the use of this keyword in Java ?
- g) What is the purpose of super() ?
- h) What is the purpose of final class ?
- i) What are abstract classes ?
- j) List any two features of Applets.
- k) What is the purpose of appletviewer ?
- l) What is the purpose of paint() method ?

PART – B

(15×4=60)

Unit – I

2. a) Explain any five applications of OOP.
- b) List and explain different primitive data types available in Java.
- c) Explain switch statement with syntax and example. **(5+5+5)**
3. a) Explain the Java program structure with example.
- b) Explain if-else-if ladder with syntax and example.
- c) List and explain different features of Java. **(5+5+5)**

P.T.O.

Unit – II

4. a) Explain do while loop with syntax and example.
b) Write the general form of a class. Explain how to define a class in Java with suitable example.
c) Explain method overloading with suitable example. **(5+5+5)**
5. a) Explain the use of constructors with suitable example.
b) Explain any five vector methods with example.
c) Explain any five string methods with code example. **(5+5+5)**

Unit – III

6. a) Explain single inheritance with suitable example.
b) List and explain any 5 built-in exceptions of Java.
c) Explain how to create and implement an interface using suitable example. **(5+5+5)**
7. a) List and explain different API packages available in Java.
b) Explain exception handling in Java with suitable example.
c) Explain method overriding with suitable example. **(5+5+5)**

Unit – IV

8. a) List and explain the components of delegation event model.
b) List and explain any 5 methods defined by Applet.
c) Explain the use of JTextField and any four methods associate with it. **(5+5+5)**
 9. a) Write and explain a simple swing application program.
b) Explain 5 methods associate with JRadioButton control with suitable example.
c) List and explain different methods associated with JCheckBox. **(5+5+5)**
